

## Provider Tips

### EPSDT and E&M Visits

### EPSDT & E&M visits billed for same date of service require:

- At least one routine DX code
  - At least one illness/injury DX code
  - Modifier EP on the EPSDT code
  - Modifier EP for all other services related to EPSDT visit
  - Modifier 25 on the E&M code
- \*Note: Modifier 25 is required on the E&M and EPSDT visit when immunizations are performed

When both an EPSDT & E&M visit are performed, both visits should be billed on the same claim (be sure to include all related diagnosis codes).
